Leadership and Extracurricular Opportunities

Through **125 councils and clubs (K-12)**, SMUS offers an array of activities to engage students outside the classroom and in our community in meaningful ways. Students gain skills, develop personal and social responsibility, and practise effective leadership through their involvement. Club and council involvement is voluntary; most SMUS students are involved in two or more clubs or councils.

Experiential Learning and Outdoor Education

SMUS offers experiential education from Kindergarten to Grade 12, providing hands-on learning experiences to complement classroom teaching and empower students to deepen their learning. All students in Grade 9 to 11 participate in outdoor education out trips, ranging from sea kayaking and surfing to hiking and winter camping. Students also have the opportunity to develop their skills in this area through a rigorous and popular Outdoor Leadership elective course in their senior years.

Athletics

Students are able to participate in 13 sports at the varsity level. Our teams regularly qualify for regional and provincial finals in soccer, basketball, golf, tennis, rugby, volleyball, field hockey and badminton. Our squash players, rugby players and rowers compete on a regional and national level. Students also have the opportunity to be part of developmental teams in sports and take part in a variety of non-competitive athletic activities as part of the school program.

The next reports will be released by **February 28, 2025**.
