### Year Highlights - Grainne McElroy

Grainne thanked all the volunteers that helped during the school year. There were many successful events that included all students on campus--- the boarding community and the day students. All PA sponsored events were financially successful along with continuing to build stronger community and parent relations amongst each other. COVID 19 has negatively impact the remaining events of the school year, but seems to have generated a stronger sense of community amongst the parents and the school to try to find ways to help each other through this. The PA was also able to contribute close to \$5,000 to the faculty of the school to assist with their technology needs that were associated with teaching from home . In lieu of our usual staff appreciate luncheons that happen across the campuses, we were instead able to purchase gift cards to all staff members to the RED BARN as a token of appreciation for their efforts throughout the school year and to assist all who may be further impacted by COVID 19. The total amount spent was under the amount that we budgeted for.

### Financial Snapshot– Kevin Cuddihy, Treasurer

Financially the PA is still in a strong position. PA has made significant contributions to the school with the initial matching \$100,000 donation to FA and the commitment to an additional \$50,000 in matching funds should the school be able to raise more. There are funds that were remain unspent but we wish to save these for the coming budget year as we do not know how much revenue we will be able to generate in the coming school year should COVID 19 and unanticipated repercussions continue.
